

MIS OBSERVACIONES

Observa como va creciendo tu plantita. Empieza dibujando como se ve el primer dia que la siembras. Luego reporta en tu hojas cuando veas un cambio. Dibuja que vez nuevo y escribe el dia en que viste el cambio.

Observe how your little plant grows. Start by drawing what it looks like the first day you plant it. Then report on your Ichart when you see a change. Draw what you see is new, write the day you saw the change.
